FOR INFORMATION

1. On Tuesday, May 27, we received notice from the Department of Local Government Finance that our proposal for Phase I of the building project has been approved. The project includes construction of a new Fairview Elementary School, improvements to Tri-North Middle School, an additional renovation of Binford Elementary School, improvements to Aurora Alternative High School, and renovations to the service center and Administration Building. The total project cost is $40,685,000.

2. A note of appreciation to Curry Buick-Cadillac-Pontiac-GMC Truck Inc. for sponsoring the Be Cool Stay In School Program. On Friday, May 23, one hundred and seventeen (117) MCCSC high school students who had perfect attendance for the 2007-2008 school year were present for the drawing for a new car donated by Curry’s. A simple ‘thank you’ is just not enough to express for Curry’s thoughtful and generous contribution to the Monroe County Community School Corporation. Our sincere appreciation goes out to Cary Curry and Craig Richards for extending themselves personally and professionally to make the program work.
