
Recommendation:

It is recommended the administration be authorized to advertise the 2009 Budgets, the 2009-2011 Capital Projects Fund Plan and the 2009-2020 School Bus Replacement Plan.

Background Information:

The advertisement will notify the public of the dates and location of the hearing on the budgets and plans (November 5, 2008) and the date the Board will meet to adopt the budgets and plans (November 18, 2008). The amounts advertised will become the maximum amounts allowed for the budgets, the tax levies and the tax rates. However, the Board will still have the ability to lower the tax levies, tax rates and budgets as well as to reallocate appropriations within the budgets.
