Background Information

Revisions to Administrative Guidelines 4220, Evaluation of Support Staff, have been made to clarify procedures for evaluating support staff. There is no need to make changes to the policy at this time, a copy of which is attached.

Revised guidelines 4220 as well as a revised support staff evaluation form are attached. New to the process is the development of rubrics as a part of the evaluation procedure (also attached). These changes were made with input from principals and were approved by the Superintendent.
